SENATE CONSTITUTIONAL AMENDMENT No. 15.

A resolution to propose to the people of the State of California that the constitution of said State be amended by adding to article VI a new section to be numbered 1*a*, and by amending sections 6, 7 and 8 of said article, relative to the Judicial Department, by providing for a Judicial Council.

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its forty-sixth regular session, commencing on the fifth day of January, 1925, two-thirds of the members elected to each of the houses thereof voting in favor thereof, hereby proposes to the people of the State of California to amend the constitution of this State by adding to article VI a new section to be numbered 1*a*, and by amending sections 6, 7, and 8 of said article to read as follows:

Sec. 1*a*. There shall be a Judicial Council. It shall consist of the Chief Justice or acting chief justice, and of one associate justice of the Supreme Court, three justices of district courts of appeal, four judges of superior courts, one judge of a police or municipal court, and one judge of an inferior court, assigned by the Chief Justice to sit thereon for terms of two years; *provided*, that if any judge so assigned shall cease to be a judge of the court from which he is assigned, his term shall forthwith terminate. The Chief Justice or acting chief justice shall be chairman. No act of the council shall be valid unless concurred in by six members.

The Judicial Council shall from time to time:

(1) Meet at the call of the chairman or as otherwise provided by it.

(2) Survey the condition of business in the several courts with a view to simplifying and improving the administration of justice.

(3) Submit such suggestions to the several courts as may seem in the interest of uniformity and the expedition of business.

(4) Report to the Governor and Legislature at the commencement of each regular session with such recommendations as it may deem proper.

(5) Adopt or amend rules of practice and procedure for the several courts not inconsistent with laws that are now or that may hereafter be in force; and the council shall submit to the Legislature, at each regular session thereof, its recommendations with reference to amendments of, or changes in, existing laws relating to practice and procedure.

(6) Exercise such other functions as may be provided by law.

The chairman shall seek to expedite judicial business and to equalize the work of the judges, and shall provide for the assignment of any judge to another court of a like or higher jurisdiction to assist a court or judge whose calendar is congested, to act for a judge who is disqualified or unable to act, or to sit and hold court where a vacancy in the office of judge has occurred.

The Clerk of the Supreme Court shall act as secretary of the council.

The several judges shall cooperate with the council, shall sit and hold court as assigned, and shall report to the chairman at such times and in such manner as he shall request respecting the condition, and manner of disposal, of judicial business in their respective courts.

No member of the council shall receive any compensation for his services as such, but shall be allowed his necessary expenses for travel, board and lodging incurred in the performance of his duties as such. Any judge assigned to a court wherein a judge's compensation is greater than his own shall receive while sitting therein the compensation of a judge thereof. The extra compensation shall be paid in such manner as may be provided by law. Any judge assigned to a court in a county other than that in which he regularly sits shall be allowed his necessary expenses for travel, board and lodging incurred in the discharge of the assignment.

Sec. 6. There shall be in each of the organized counties, or cities and counties, of the State, a superior court, for each of which at least one judge shall be elected by the qualified electors of the county, or city and county, at the general State election. There may be as many sessions of a superior court, at the same time, as there are judges elected, appointed or assigned thereto. The judgments, orders, and proceedings of any session of a superior court, held by any one or more of the judges sitting therein, shall be equally effectual as though all the judges of said court presided at such session.

Sec. 7. The judges of each superior court in which there are more than two judges sitting, shall choose, from their own number, a presiding judge, who may be removed as such at their pleasure. Subject to the regulations of the Judicial Council, he shall distribute the business of the court among the judges, and prescribe the order of business.

Sec. 8. The term of office of judges of the superior courts shall be six years from and after the first Monday of January after the first day of January next succeeding their election. A vacancy in such office shall be filled at the next succeeding general State election after the first day of April next succeeding the accrual of such vacancy by the election of a judge for a full term to commence on the first Monday of January after the first day of January next succeeding his election. The Governor shall appoint a person to hold such vacant office until the commencement of such term.

REPORT OF STANDING COMMITTEE.

The following report of standing committee was received and read:

ON ENGROSSMENT AND ENROLLMENT.

SENATE CHAMBER, SACRAMENTO, April 6, 1925.

MR. PRESIDENT: Your Committee on Engrossment and Enrollment has examined Senate Bill No. 629—An act to amend sections 647 and 647*a* of the Civil Code of the State of California, and to add a new section to said code to be numbered 647*b*, all relating to building and loan associations—and reports that the same has been

correctly enrolled and presented the same to the Governor on this sixth day of April, 1925, at two o'clock and twenty-five minutes p.m.

PEDROTTI, Chairman.

MESSAGES FROM THE GOVERNOR—(OUT OF ORDER).

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 6, 1925.

To the Senate of the State of California.

Senate Bill No. 629 is returned herewith without my approval. This bill would permit building and loan associations to invest or loan 25 per cent of its assets upon full paid investment certificates of other building and loan associations. Building and loan associations when of a local character, managed by local directors without compensation, and conducted with a small overhead expense, have resulted in great good to the home builder of modest income. To preserve the beneficial character of these associations, it is important that they be conducted on the most conservative basis. The present laws have aided in building up the present associations which are uniformly sound financially. Any change in the laws tending to break down the conservative character of building and loan associations will prove a menace to the thousands of small investors who have placed their savings in these institutions and are paying for their modest homes by monthly installments. This bill would remove a valuable safeguard now given stockholders of these associations. The proposed bill might result in pyramiding of securities of various associations with disastrous results. Under this bill a chain system of building and loan associations might be built up with as little stability as a house of cards.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

On motion of Senator Dennett, Senate Bill No. 629 was ordered on unfinished business file.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 6, 1925.

To the Senate and Assembly of the State of California.

This is to advise your honorable bodies that I have signed the following bills:

Assembly Bills Nos. 121, 495, 645, 713, 1092, 1179 and 1185.

Senate Bills Nos. 169, 196, 477 and 540.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 6, 1925.

To the Senate of the State of California.

Senate Bill No. 621 is returned herewith without my approval. This bill would increase fees of agents of building and loan associations from $1.00 to $5.00 per annum. The smaller associations feel that this bill would tend to cripple their activities. The Board of Control reports there is no need of increasing the fees at this time.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

SUSTAINING GOVERNOR'S VETO.

The question being: Shall Senate Bill No. 621 become a law notwithstanding the objections of the Governor?

The roll was called, and the objection of the Governor sustained by the following vote:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 6, 1925.

To the Senate of the State of California.

Senate Bill No. 623 is returned herewith without my approval. This bill would permit cemetery corporations to invest their funds in investment certificates of building and loan associations or in bonds which are legal investments for saving banks. The present law (Section 616 of the Civil Code) limits the investments to "bonds of

the United States, or of this State, or of any municipality of this State, or in centrally located income producing improved real estate in any city or city and county in this State." It has been the policy of the State to limit the investments of cemetery corporations and associations to the most conservative securities in order that the perpetual care contracts of these organizations may be faithfully carried out. With the present restrictions removed, many of the fine, well-kept cemeteries in the State might in a few years go back into a wilderness, and the purpose of those who have so wisely provided to cherish the memory of their departed loved ones would be entirely thwarted. In the very nature of things, the directors of cemetery associations acting purely from philanthropic motives, cannot exercise the skill that banks exercise in managing their business. Hence, what are good bank investments may not be good investments for cemetery associations. The directors of the Mountain View Cemetery Association of Oakland have kindly called my attention to the dangerous nature of this bill. No arguments have been presented in favor of the bill.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

On motion of Senator Jones, Senate Bill No. 623 was ordered on unfinished business file.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, April 6, 1925.

To the Senate of the State of California.

Senate Bill No. 628 is returned herewith without my approval. This bill amends section 643 of the Civil Code by exempting "investment certificates" of building and loan associations from execution. The present section exempts "shares of stock" of these associations from execution. I see no reason for protecting those who will not pay their honest bills. I would prefer to strike out the present exemption rather than add to it.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

On motion of Senator Dennett, Senate Bill No. 628 was ordered on unfinished business file.

Members of the California State Legislature.

LADIES AND GENTLEMEN: As voters, we, the teachers and friends of education, urge your consideration and support of the following recommendations:

Deuel Bill (Assembly Bill No. 1128). We oppose the passage of this bill, which seeks to create a double-headed system of State education; and delegates to an appointed official the control and responsibilities vested by the constitution of the State of California in the Superintendent of Public Instruction duly elected by the people_____NO

Deuel Constitutional Amendment (Assembly Amendment No. 31). We vigorously oppose this amendment, which takes away from the people all right to vote on the educational affairs of the State. We object to having a State Superintendent appointed by appointees of a Governor; and insist that the people of the State should retain electoral control of the State educational system _____NO

Jones-Harris Constitutional Amendment (Senate Amendment No. 34). We advocate the adoption of this constitutional amendment. Through it the people of the State of California retain their electoral control of the educational system, by electing the State Board of Education which appoints the State Superintendent of Public Instruction. The responsibility for public education thus remains with the people, where it has heretofore been vested, and where it properly belongs.....YES

STATEMENT.

The following statement was offered by Senator H. C. Nelson, chairman of the Committee on Revenue and Taxation, and ordered printed in the Journal:

In 1922 the people of this State adopted the so-called budget amendment to our constitution, which was intended to place the State's business activities and finances upon a sound business basis. This amendment calls for a budget to be submitted by the Governor containing a complete plan and itemized statement of all proposed expenditures of the State and applies to every commission, department and institution of the State.

Acting under the constitutional duty imposed upon it, the Legislature has at this session, for the first time, passed a full and comprehensive budget bill which includes every State activity and makes provision for the financing thereof. The budget bill as adopted included many departments not provided for in the bill as originally submitted. For the first time, the California State Highway Commission was included in the budget bill upon a definite basis. This Legislature felt that so doing was a compliance with the constitutional provisions, was in accord with sound government financing and also tends to furnish the people of this State with information they are entitled to know. Accordingly, the Legislature wrote into the budget bill items for the Highway Commission amounting to an aggregate of $28,750,000, covering maintenance and repair, reconstruction, new construction and overhead expenses, all as in the Budget Bill enumerated. In each instance the exact figures furnished by the Highway Commission and the Board of Control were written into the bill. A detailed budget was not submitted as required by the constitution and the people are without definite information as to how the money allowed is to be spent.

Now we have before us for consideration the matter of providing additional funds for new construction required to complete the State highway system. It has been stated generally that the sum of $20,000,000 in additional revenue will be necessary each biennium for new construction. The three-cent gas tax bill is intended to provide such revenue. This measure appears to have the support of the Highway Commission. The constitution provides that the Governor shall recommend the sources from which the additional revenue shall be provided, if he feels that additional expenditures should be made and new revenues provided. Thus far we have not been favored with such recommendation and the Legislature is endeavoring to form and adopt some definite plan of highway financing out of the many suggested.

Those in this State who are opposed to any increase in taxes claim that the increase is unnecessary, that the estimated costs of completion are greatly excessive and that no showing of necessity has been made. Others, who feel that our highways must be completed and funds made available at once, feel that the Legislature and the public are entitled to know, if possible, what is proposed to be done with the money for at least a biennium in advance. The budget amendment, it must be admitted, contemplates complete budgeting, not only of the Highway Commission, but all other agencies; and this includes new construction as well as other expenditures for each year of the biennial period. The Legislature, therefore, as representatives of the people of this State, is entitled to know the purposes for which added monies are asked and the uses to which they are to be applied. The people of the State, who pay the increased taxes, are entitled to know how it is to be spent. The Highway Commission should have this information, in asking for these added revenues. Under the Budget Amendment, it should submit a detailed plan or program in budget form, with proposed expenditures, and be able to support its request with facts warranting the same, so that the Legislature may know where and when the money asked for is to be spent. This method is required by the constitution and applies to the Highway Commission as well as all other departments. The matter of highway building should no longer be a hit and miss proposition. The Legislature and the people have a right to expect that some definite program or policy should be followed in the expenditure of such vast sums of money. The Senate of this State is entitled to the expert opinion of the Commission and its engineers in the consideration of the road problem, to its recommendations, and to the facts upon which they are based.

We have been furnished with the report of the Committee of Nine, made after a comprehensive study of our highway needs and conditions. It is desired to know what steps the Commission has taken to incorporate the recommendations of the Committee of Nine into its program and what assurances can be given that it will be carried out. It is scarcely conceivable, that a contemplated expenditure of $20,000,000 for new construction for a biennium would be undertaken without some definite idea or program therefor. It is information on this point that is desired.

We feel that in requesting an increase in revenue, such as this Gas Tax Bill now pending before us will provide, if passed, the Highway Commission should have a fairly definite program based upon actual needs and relative importance of highways to be completed and that the expenditure of these enormous sums should not be left

unlimited in the hands of any commission to be spent here and there at random, the subject only of the shifting winds of political expediency.

This does not necessarily mean that the Legislature proposes to write into any revenue measure that may be adopted definite allocations and amounts to specific pieces of road. The language of the bill will be considered later. But, as is required of other departments and commissions, budget information is requested and while the Legislature may provide an aggregate amount for new construction, the expenditure thereof should follow the program submitted, subject to the check of the Board of Control. The Legislature has no desire, I believe, to undertake to definitely allocate the money for new construction. It is my opinion that to do so would be practically an impossible task, but we do feel that we are entitled to know for a reasonable period in advance what expenditures the Highway Commission proposes to make. We further feel that before an aggregate amount of about $50,000,000 is placed in any commission's hands for expenditure, there should be some reasonable guarantee that it will not be used by the commission for pork barrel purposes, or to elect or defeat candidates for the legislature or any other office, or to punish any particular districts, or the paying of political obligations. Thus will be insured, to some extent at least, freedom from political influences, or other considerations foreign to proper administration and successful attainment of our road program and will also secure to the public information to which it is entitled. The expenditure of this money should be safeguarded from political manipulation by any agency.

To this end, it is suggested that some definite provisions should be incorporated into the law where the commission should be required, at each regular session of the Legislature to submit a detailed budget and also, at least annually, to publish and make available for public information its proposed expenditures in detail, and also revenues, for at least one year in advance, covering both new construction and reconstruction of existing highway, and directing the Board of Control to require such expenditure to be actually made in accordance with such published budget. Sound, economical and efficient administration of this particular department and the accomplishment of the end desired, namely, completion of our State highway system in the order of the relative importance of the constituent roads, dictate such a policy.

OPENING STATEMENT BY MR. TOY.

MR. CHAIRMAN: I wish first to impress upon you and the committee the great pleasure that the Highway Commission finds in coming before you in a spirit of cooperation and helpfulness to discuss thoroughly the highway problems of the State of California.

We are here to frankly and freely answer any questions which you may ask so far as it lies within our power, so that a thorough understanding may exist, but prior to those questions I ask the privilege of making a statement as to the situation in which the Highway Commission finds itself in responding to your request for an allocation of the first $20,000,000 which may come into its hands.

Responding to the resolution adopted by the Senate on March 27, the commission met and spent many hours in study, in the hope that they might agree upon such an allocation, but it developed in that study that there is at least $40,000,000 worth of improvement which is absolutely necessary and pressing at this time.

In considering this vast expenditure, it became impossible for the commission to agree on a sum covering only $20,000,000. This was the reason that impelled the commission at that time to address itself to the Senate with the statement that it was impossible to furnish the information which the resolution requested.

During the two days' session of the commission, the engineers submitted several set-ups, approximating the amount named in the resolution; however, these set-ups were submitted simply as an aid to the commission, but without the engineers' recommendation.

We found so many problems confronting us that I think at this time I should outline how we proceed in the final determination of a particular project, and these projects, by the way, are not taken up two years in advance. The Division Engineer first examines the project, estimates its cost, furnishing detailed engineering data; this takes a long period of time and careful study; the office engineers then go over this project before submitting to the Chief Engineer, who then approves the project; it is then the duty of the State Highway Commission to go over this project, giving it careful consideration before final determination, and also its relation to other projects which are of equal importance in other parts of the State and to the highway system as a whole.

One thing which largely enters into the final determination in taking up any one project is the matter of clear rights of way. It would be manifestly unbusinesslike to allocate large sums of money to construct a road in any part of the State unless rights of way were absolutely secured or assured before construction was to be commenced, as the cost of rights of way is a very indeterminate question, and very frequently has to be determined by court action, which may be held up for many months. For instance, let me cite a very important road in California which has been held up for at least five years; I refer to the Oxnard-San Juan Capistrano road through the Malibu Ranch, the property of the Rindge corporation.

This commission, as well as the former commission, has been anxious to complete this section, but several court actions have all these years made it impossible to proceed and the Highway Commission has not been dilatory in this connection. It might be stated that court actions have been and are now being prosecuted by the board of supervisors of Los Angeles County, a political subdivision of California, which is most interested in the completion of this road, and that the Highway Commission has instructed its attorney to give every possible assistance to the attorneys prosecuting the case for Los Angeles County. These rights of way are not yet secured.

Another reason which makes it impossible for the Highway Commission to determine two years in advance on any particular project is the question of county cooperation. There are many roads of equal importance in California. Some communities are willing and frequently do offer to cooperate in the cost of construction of these roads. It has been the policy of the Highway Commission to accept this financial assistance from counties and many projects have been completed, or are under way, the work of which has been induced very largely by this financial aid. Counties do not determine to assist or participate in this construction two years in advance. Usually where counties cooperate the funds for that purpose are added to a particular year's tax levy by the board of supervisors.

The item of disaster enters into the situation very strongly. We have a notice at the present time of the tremendous slides on the Redwood Highway and Pacific Highway. Our engineers estimate that it will take in the neighborhood of $100,000 to remove the slides on the Redwood Highway only. It has been roughly estimated by the Division Engineers over the State of California, that as a result of the heavy storms of the past two months, it will cost possibly a quarter of a million dollars for bridge reconstruction, the removal of slides and other results of that storm.

The history of the past has shown, that to project too far in advance the improvement of certain units has been upset, and we believe would be upset in the future, by the change and growth of traffic conditions, which comes so suddenly that it cannot be anticipated.

Projects have been tentatively planned by the commission, as records will show, which in less than two years' time have been upset by the very fact that traffic has changed, and so relatively unimportant roads have become outstanding roads for construction.

Then there are direct obligations of the State through the three bond issues. The 1909 bond issue provided for completion of the main trunk lines north and south and the county seat connections therewith. There are at the present time eight county seats unconnected and the main trunk lines provided for in this bond issue are far from completed and will take about seventy-three million dollars to complete.

Then follows the 1915 bond issue, which provided for the completion of the 1909 roads, and added certain laterals to the system. These are far from completion and will take about twenty-one million dollars to finally complete.

Then follows the 1919 bond issue, which was thought would provide for the completion of all of these roads and certain additional roads, which will cost about ninety-one million dollars.

Again the commission is confronted with the need of miles of uncompleted roads, put into the system by legislative action. It is estimated it will take to finally complete these roads about thirty-one million dollars.

A close study of road building in California for the past two years, and I have given it most of my time and practically all of my attention, has clearly demonstrated to me that the progressive building of the highway system of California is one of the biggest business problems before the State at this time. The details of construction cannot be laid out on paper too far in advance. The practical administrative problems, which are continually presenting themselves, cannot be cared for to the best interests of the State and permit the most economical expenditure of funds, if an allocation is made too far in advance. It is on this account that the Highway Commission believes that the best interest of California will be served by permitting the Highway Commission to exercise its legal function of determining these questions, not in a haphazard way, but after a most careful, thorough and systematic study for the revenue immediately ahead.

We agree that the Legislature is entitled to all the information it is possible for us to give; on the other hand, I do not believe the Highway Commission should be asked to provide information it is impossible to furnish.

The Highway Commission assumes the grave responsibility imposed by oath of office and stands ready to meet every duty which rests upon it as the representative of the people of California.

RAY L. RILEY.

MEMORANDA

Re State Controller's estimate of highway funds for the period July 1, 1925, to June 30, 1927.

The State Controller has estimated there will be available during this period $33,510,000 00

Included in this estimate is an item of $2,500,000, which is the balance on hand July 1, 1925. No provision has been made to reserve a balance at the end of the period. If the total available revenue was spent during the period, the Highway Commission would have to cease operations at June 30, 1927, and disband their organization, as funds will not be available to them for July and August, 1927, until motor vehicle fees are received. Deduct	$2,500,000 00
	$31,010,000 00
There is also included in this estimate an item of $1,500,000 expected to realize from the 4 per cent transportation tax. During the past year there was collected approximately $160,000, and the cost of collection was about equal to the amount collected. How this estimate was arrived at we are unable to say, but it would appear unwise to inflate the estimated revenue to this proportion in view of past experience. Deduct	1,500,000 00
	$29,510,000 00
Amount included in budget bill—Assembly Bill No. 19	28,757,740 00
Difference	$752,260 00

This difference of $752,260 is caused by the Controller's estimate of revenue from the gas tax and motor vehicle fees being in excess of the amount estimated in the budget. The first problem in determining a budget for the State is to conservatively estimate the available revenue in order to avoid the possibility of jeopardizing the State's financial position. The estimate in the budget bill was prepared with that end in view.

WHEREAS, The unrestricted sale of the product called "oleomargarine", carrying 82 per cent of cheap vegetable oils, and offered to the public as a satisfactory substitute for American butter is inimical to the welfare of all the people of California, and

WHEREAS, It is essential for the protection of the health of young and growing children that parents should be advised of the true nature of the product offered under the name of "oleomargarine", therefore, be it

Resolved, That the chamber of commerce of San Rafael by this resolution, does endorse Assembly Bill No. 878, and requests Senator Sharkey and Assemblyman Reindollar to vote for the passage of this bill and exert their best efforts for its favorable consideration by their legislative associates. And, be it further

Resolved, That the secretary be, and is hereby instructed to forward copies of this resolution to Senator Sharkey and Assemblyman Reindollar and to the local newspapers.

CHAMBER OF COMMERCE OF SAN RAFAEL.
E. S. PRATER, President.

WM. S. HOCK, Secretary.

By Senator Creighton:

Resolved, That the Porterville Chamber of Commerce is opposed to Senate Bill No. 178, now pending in the State Legislature, and which sets up a plan for the formation of metropolitan water districts for supplying domestic water for such districts, as the agricultural sections of the State and the cities therein are interested in the waters of the State for both domestic and irrigation purposes. We believe that it is necessary for the government to construct a dam on the Colorado River that will give protection to the Imperial Valley from the menace of floods and which will also provide water for domestic and irrigation needs and with an abundance of electric energy, under license of the government. There will be ample time for the consideration of any State measure after Congress has acted, and any bill that is finally passed by the California Legislature should have in view the interests of the country as well as of the large cities.

Copies of this resolution shall be sent to Honorable A. B. Johnson, Honorable F. W. Mixter, Honorable John Creighton, and Los Angeles Chamber of Commerce.

PORTERVILLE CHAMBER OF COMMERCE,
B. E. MINISTER, President.

CLAYTON HICKLE, Secretary-Manager.

By Senator Tubbs:

WHEREAS, It has come to the knowledge of the Retail Bakers Association of this city that Assembly Bills Nos. 408, 810 and 878 are directly aimed at the manufacture and use of oleomargarine; and

WHEREAS, This oleomargarine is used to a large extent in the baking industry as a healthful and nutritious product; and

WHEREAS, The baking industry is desirous of continuing the use of said oleomargarine; therefore, be it

Resolved, In general meeting assembled this fifth day of March, 1925, that we, the retail bakers of San Francisco, hereby emphatically and vigorously protest against any such measure which would prohibit the manufacture of oleomargarine or which would impose additional taxes upon it; and be it further

Resolved, That a copy of this resolution be placed upon the minutes of this organization and a copy of the same be forwarded to every Senator and Assemblyman in the Legislature now in session at Sacramento.

SEC. 2. Section three of said act is hereby amended to read as follows:

SEC. 3. Such petition which may consist of any number of separate instruments shall be presented to the secretary of state, signed by qualified electors, residing within the boundaries of the proposed bridge and highway district, equal in number to at least ten per centum of the number of such qualified electors in each county from which such petitions are presented voting for governor of this state at the last general election prior to the presentation of such petition. The board of supervisors of any county may, in lieu of proceeding by petition, call an election, as provided for the calling of special elections under the laws pertaining thereto, to be held in conformity therewith, where and when the same may be determined by a majority vote of the electors voting thereat.

Such petition shall set forth the extent of the district, either by describing its exterior boundaries, or by naming the counties proposed to be included therein, as having been determined by said ordinance and in case only part of any county is proposed to be included therein, the extent of the part of the county included may be indicated by naming the county and excepting therefrom, some administrative or governmental subdivision or subdivisions thereof, such as townships, school districts or other similar subdivisions, or such excluded portions may be described by its boundaries, and in any of said descriptions of included or excluded territory, reference to recorded instruments may be made for the purpose of defining such boundaries, and shall contain a prayer that such proposed bridge and highway district be incorporated under the provisions of this act. Attached to each of the petitions shall be a copy of the said ordinance. The said ordinance may be enacted by the board of supervisors at any time after application shall be made to them for such purpose, but in case such board shall neglect to act upon such application for a period of sixty days thereafter, the said ordinance may be submitted to the electors of such county or city and county under the provisions of the initiative applicable thereto. In case said ordinance shall be passed by the board of supervisors, it shall be subject to the referendum provisions applicable to ordinances generally in such county or city and county. The said petitions from any county shall be grouped or fastened together and shall contain a certificate of the county clerk of such county that the same contains the requisite number of qualified signatures of qualified electors. The said county clerk shall have ten days time for the examination of such petitions when left with him for verification and it shall be his duty to verify the same, attach his certificate thereto within said period of time and forward the same to the secretary of state with his certificate that the same is sufficient and if from such examination he shall find that said petition is not signed by the requisite number of qualified electors residing within his county he shall also certify to the number of qualified electors required to make such petition sufficient, and it may be amended by filing a supplemental petition or petitions within twenty days from the date of such certificate, either by the same persons theretofore appointed to secure signatures, or by other persons appointed by the board of supervisors for that purpose. The county clerk shall within ten days after the filing of such supplemental petition or petitions make like examination of the same and certify to the result of such examination as hereinabove provided. If his certificate shall show any such petition or said petition as amended to be insufficient it shall be filed by him with the secretary of state and kept by him as a public record without prejudice however to the filing of a new petition to the same effect, but if, by the certificate of the county clerk such petition or said petition as amended is shown to be sufficient the county clerk shall present the same to the secretary of state without delay. If any supplemental petition be filed all of the signatures appended to the petition or to the supplemental petition or petitions shall be considered in determining the number of qualified electors signing the petition. In case an election is had in any county in the place of said petition, the county clerk shall certify to the secretary of state the result thereof, with a copy of the action of the board of supervisors authorizing said election.

After the certificate is issued by the secretary of state for the incorporation of such proposed bridge and highway district, the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned. If any county within the boundaries of such proposed bridge and highway district shall have a registrar of voters other than the county clerk the said registrar of voters shall perform the duties herein required to be performed by the county clerk respecting the examination, certification and filing of the petition, and said registrar of voters shall return said petition immediately upon the completion of such examination, together with his certificate showing the result of such examination to the secretary of state. When all of said petitions, or certifications of the result of elections when such elections are held, have been received from the several county clerks of counties having any portion of their territory within said proposed bridge and highway district the said secretary of state shall publish the text of such petition for at least three weeks before the time set by him as the time up to which protests may be received as hereinafter provided in at least one and not to exceed three newspapers printed and published in each of the counties from which such petitions have been presented, together with a notice stating the time which he has fixed up to which protests will be received against the inclusion of property within such proposed bridge and highway district. The names attached to said petition need not be published therewith, nor the certificates of any of the county clerks or registrars of

voters, but it shall be sufficient to state that the same has been signed by a certain number of electors, naming it, and duly verified by such county clerks or registrars of voters.

At any time before the time set by the secretary of state up to which protests may be received, any owner of property subject to taxation within said proposed bridge and highway district, may file, with the secretary of state, his protest in writing against the formation of such district, and stating therein such grounds as he may have for claiming that his said property, or any portion thereof, will not be benefited by the formation of the proposed bridge and highway district. The said protest shall contain the name and address of the person protesting and the name and address of his attorney, if he has one, and all of the protests so received by the secretary of state shall, with the petition filed from the county, be forwarded by the secretary of state to the superior courts in the respective counties from which the same have been received by the secretary of state, and thereupon the said superior courts shall acquire jurisdiction to hear and determine the said protests so received from the owners of lands located within their respective counties. It shall be the duty of the clerk of said superior courts to set the said matters for hearing before said court, and to give ten days notice thereof in writing to the protestants, and to any person who shall have filed with the secretary of state his name and address as the attorney for the petitioners in said petition, which said attorneys' names and addresses shall also be certified from the office of the secretary of state to the respective county clerks at the time of the transmission of the petitions thereto. At the time specified in such notice, or at such other time to which the said hearing may be continued, the said superior courts shall have jurisdiction to hear and determine all matters urged by the protestants against the formation of the said proposed bridge and highway district, or against the inclusion of their lands therein, and the said superior courts shall have jurisdiction to exclude the said lands from said proposed district, together with any other lands contiguous to the excluded lands and contiguous to the exterior boundaries of the proposed district which are similarly situated to the lands of the protestants, to the end that isolated tracts may not be excluded from the district without also rectifying the boundaries thereof so that the district when finally formed shall be compact, continuous and without tracts of land excluded therefrom which are totally surrounded by other lands which are left within the district.

The judgment of the said superior courts, when given shall be certified by the clerk to the secretary of state, together with the original petitions and protests theretofore transmitted to him by the secretary of state, and the said judgment shall not be appealable, and all questions of fact therein contained shall be final and conclusive upon the whole world, and shall only be subject to review by the supreme court of this state, upon a writ of review issued out of that court in such cases as writs of review are now permissible against superior courts, or the irregular exercise of the jurisdiction of such courts. Such proceedings for a writ of review must be taken within ten days after the entry of the judgment in the superior courts, and if not so taken all judgments of the superior courts shall become final.

When all of the protests have been disposed of as hereinabove provided, and the results of the judgments therein certified to the secretary of state, the secretary of state shall thereupon issue his certificate of incorporation declaring the said district with the boundaries as finally established to be duly incorporated, formed and organized and shall file the same in his office, and cause a certified copy thereof to be recorded in the office of the county recorders of each of the counties situated within or partially within said proposed bridge and highway district.

In case the board of supervisors of any county named in the petitions from other counties engaged in the formation of a bridge and highway district shall fail or neglect for sixty days after the application submitted to them, to pass such ordinance, and a period of more than sixty days thereafter shall elapse without any proceeding for passing such ordinance under the provisions of law relating to the initiative being on file with the county clerk or registrar of voters, the latter must upon receipt of an affidavit of an elector of the county, setting forth the date of making the original application to the board of supervisors and the failure of such board to act thereon for sixty days thereafter, issue his certificate to the secretary of state attached to such affidavit certifying that on the date of the issuing thereof no proceedings have been filed in his office to submit such ordinance to the electors under the provisions applicable to the initiative, and must forthwith transmit such certificate and affidavit to the secretary of state and the latter shall file the same, and the county from which such affidavit and certificate have been received by the secretary of state shall be excluded by him from the proposed district in the same manner as if the same had been excluded by order of the superior court. In case an ordinance declaring it the intention of a county to become part of the bridge and highway district has been submitted to the people and has failed of passage, such fact must also be certified to the secretary of state by the county clerk, and such county must be excluded from the district. In case of the exclusion of a county by the method in this section provided, and other county from which sufficient petitions have been received to become a part of the district, but separated from the remainder of the counties of the proposed district by such excluded county or counties, must not be excluded from the district but shall be included therein.

SEC. 3. Section four of said act is hereby amended to read as follows:

Sec. 4. The secretary of state shall also within five days after the issuance of such certificate notify the boards of supervisors in each of the counties in which any portion of the territory of the district is located, of the formation of such district, and thereupon and within thirty days thereafter each of the boards of supervisors shall appoint a person or persons as hereinafter provided, to act as a board of directors of the district as follows: One director for each county having a population of forty thousand or less; two directors for a county having a population over forty thousand and not more than one hundred thousand; three directors for a county having a population of more than one hundred thousand and less than five hundred thousand; and five for a county or city and county having a population of five hundred thousand and over, *provided* that in any county or city and county having a population of more than five hundred thousand the number of directors appointed shall be equal to the total number of directors appointed from all of the counties or cities and counties within the district having a population of less than five hundred thousand. All directors shall hold office until the appointment and qualification of their successors, but any director may be removable for cause by the board of supervisors appointing him, if notice is given and a hearing is had upon the nature of the complaint against him. The term of office of directors appointed under the provisions of this act shall be four years from and after their appointment, *provided* that the first board of directors shall by lot classify themselves so that one-half of their number shall hold office for two years only, and if the number of such directors at the time of such classification be an odd number then the odd member of said board shall also hold office for the two years, at which time the boards of supervisors shall reappoint their successors for a full term of four years. Vacancies in the board shall be filled for the unexpired term by a like appointment by the said boards of supervisors. The board of directors shall be the governing body of such bridge and highway district and it shall hold its first meeting on the call of the secretary of state within two weeks after the boards of supervisors have made the appointments herein provided to be made. Said appointments shall be by resolution of said boards and certified to the secretary of state. The secretary of state shall designate an appropriate time and place of meeting for the first meeting of the board of directors. The board of directors shall choose one of its members to act as president, and shall also choose a secretary, who shall not be a member of the board and shall thereupon provide for the time and place of holding its meetings, and the manner in which its special meetings may be called. All meetings of the board of directors, whether regular or special, shall be open to the public. A majority of the board of directors shall constitute a quorum for the transaction of business. The board of directors shall establish rules for its proceedings.

SEC. 4. Section twenty-one of said act is hereby amended to read as follows:

Sec. 21. If from any cause the revenues of the district shall be more than adequate to pay all of the expenses of the district for the current year and surplus shall be divided by the directors of the district, and apportioned to the respective counties within the district in the proportion which the assessed value of property within such county, city and county or parts of counties within the district bears to the total assessed value of property within the district.

Sec. 23. Any county, city and county, or any portion of either or both may be added to any bridge or highway district organized under the provisions of this act, at any time, by applying to the board of directors and securing the consent of such board by resolution duly adopted by it. Such application shall be made by the board of supervisors of such county in the form of an ordinance applying for permission to become a part of such district. In case the consent of the board of directors is obtained after any bonded debt of the district has been authorized the board of supervisors of such applying county must call an election at which the proposition to join the district and assume the obligation of the bonds of the district along with the territory already included therein, shall be submitted to the electors as one proposition, and unless such proposition receives two-thirds of the vote cast at such election such county shall not be annexed to the district. If, however, the proposition shall carry by more than two-thirds of the vote cast at such election the result of such election shall be certified to the secretary of state by the county clerk of such county and thereupon the secretary of state shall give notice and call for protests in the same manner as upon the original formation of the district. If the district has not incurred a bonded indebtedness at the time of such application by the board of supervisors to join the same, the county may be annexed by passing an ordinance

declaring its intention to join the district and upon petition presented in the manner herein provided for the organization of such bridge and highway district, which petition shall be in a like manner presented to the secretary of state, who shall give notice of the presentation thereof, and of the date set for receiving protests against the same in the same manner as in the case of the original petitions, and all of the provisions hereof which are applicable to original petitions shall be applicable to petitions for annexations. After all protests have been disposed of in a like manner as upon the formation of the district, the secretary of state shall issue his certificate certifying to the annexation and describing the boundaries as finally determined, which certificate shall be recorded in the office of the county recorder of each county wherein any portion of the annexed territory is located, and thereupon the boards of supervisors of such county or counties shall appoint a member or members of the board of directors to serve until the expiration of the term of the directors then holding for the term of office that will soonest expire. From and after the date of the original certificate of incorporation of a bridge and highway district the said bridge and highway district shall be deemed to be incorporated with all of the rights, privileges and powers set forth in this act, and necessarily incident thereto, and from and after the date of such certificate of annexation by the secretary of state the territory named therein shall be deemed added to and form a part of the said bridge and highway district, with all of the rights, privileges and powers set forth in this act and necessarily incident thereto. In case any annexation of any county, city and county or portion of either is proposed to be made to any bridge and highway district already organized the board of directors of such bridge and highway district shall have full power to prescribe terms upon which the territory proposed to be annexed shall be admitted, including the payment of a just proportion of the organization and preliminary expenses originally incurred by the district; and, no such county or city and county, or portion of either, shall be admitted without first complying with such terms."

By WALTER B. HAREKORST,

H. E. MEADOWS, Secretary.

Also:

To the Honorable Chester M. Kline, Senator,
State Capitol, Sacramento, California.

We, the undersigned, residents of your district, desire to register our vigorous and emphatic approval of Assembly Bill No. 878.

As taxpayers, we realize that any injury to a fundamental agricultural industry is an injury to the economic welfare of our people.

The unrestricted sale of a product called "oleomargarine" carrying 82 per cent of cheap vegetable oils, and offered to the public as a satisfactory substitute for American butter, is encroaching on the legitimate pursuits of our dairy farmer.

It is essential for the protection of the health of young and growing children that parents should be advised of the true nature of the product offered under the name "oleomargarine."

We therefore respectfully urge you to give your earnest support to Assembly Bill No. 878, to vote for it yourself, and to explain to others the deep injury that will be done to California's most important agricultural pursuit, if the sale of this cheap by-product of cocoanut and other tropical plants is not carefully regulated.

W. H. CARR,
And 55 others.

REPORT OF COMMITTEE ON FREE CONFERENCE.

The following report was received and read:

SENATE CHAMBER, SACRAMENTO, April 9, 1925.

MR. PRESIDENT: Your Committee of Free Conference concerning Senate Bill No. 312—An act to amend section 6 of an act entitled "An act to protect domestic live stock from contagious and infectious diseases, to prescribe the duties of officials to carry into effect the provisions of this act, to provide for the appointment of a veterinarian, and to repeal an act entitled 'An act to protect domestic live stock from contagious and infectious diseases, to provide for the appointment and duties of officials to carry into effect the provisions of this act, and to provide an appropriation therefor," approved March 18, 1899, as amended, approved June 3, 1921, and to add two new sections to be numbered 4*a* and 7 respectively, relating to the control and eradication of certain destructive infectious diseases of animals whenever discovered in this State; providing for the payment for animals and property destroyed in order to suppress certain destructive infectious diseases; providing for penalties for violation of the provisions of this act, and declaring the urgency of said act—report that we have met a like committee of the Assembly, consisting of Assemblymen Johnson, Jacobson, and Graves, and we report that the Committee on Free Conference have agreed to recommend the following:

On page 3, line 40, of the printed bill, as amended in Assembly on April 6, 1925, add the following:

SEC. 3. A new section is hereby added to said act to be numbered section seven and to read as follows:

Sec. 7. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section one of article four of the constitution of the State of California, and shall take effect immediately.

The facts constituting such urgency are as follows:

Foot and mouth disease exists among the deer in the Stanislaus National Forest and until it is completely eradicated it is liable to be transmitted to domestic animals from time to time. If any legal obstacles prevent the maintenance of adequate quarantines or the destruction of infected animals the disease will spread among other animals to such an extent as to cause serious injury to the live stock industry of this state. Such a condition would also result in severe injury to general business from the establishment of embargoes by other states.

POWERS, Chairman.

PRESENTATION OF PETITIONS—(OUT OF ORDER).

The following petitions were presented, and ordered printed in the Journal:

By Senator Sharkey:

MARTINEZ, CALIFORNIA, March 31, 1925.

WHEREAS, An amendment has been proposed to the constitution of the State of California under which it is proposed to classify the oil industry of this State as a public utility, and whereas we believe such a course would be fundamentally wrong and that the people of the State of California are largely opposed to such a course; therefore, be it

Resolved, That the Chamber of Commerce of the county of Contra Costa are opposed to the adoption of such proposed amendment to the constitution declaring the oil industry a public utility and are also opposed to placing such industry under the jurisdiction of the Railroad Commission. Be it further

Resolved, That a copy of this resolution be forwarded to the Governor of the State of California, Senator William R. Sharkey and Assemblyman Robert P. Easley, and that our representatives in the Legislature be urged to actively oppose the adoption of the proposed amendment.

WARREN S. McBRYDE,
President, Contra Costa County Chamber of Commerce.
R. R. VEALE, Secretary Contra Costa County Chamber of Commerce.

Also:

Resolution of Martinez Chamber of Commerce.

WHEREAS, There is legislation pending before the Legislature of the State of California proposing the placing of the oil industries, or at least a portion of the oil industry, under the jurisdiction of the Railroad Commission; and

WHEREAS, We believe that further regulation of industry, with the result of the additional cost ultimately to the consumer, is inimical to the best interests of the State of California; now therefore, be it

Resolved by the Martinez Chamber of Commerce, That we oppose the placing of the oil industries, or any portion thereof, under the control of the Railroad Commission and protest against all legislation tending to that end; and be it further

Resolved, That a copy of this resolution be forwarded to Honorable Friend Wm. Richardson, Governor of the State of California, and to our representatives in the Legislature, Honorable Will R Sharkey and Honorable Robert Easley, and that they be urged to oppose strenuously all such proposed legislation. Be it further

Resolved, That a copy of this resolution be furnished the local press with a request that publication of the same be made.

I hereby certify that the foregoing is a full, true and correct copy of the resolution unanimously adopted by the board of directors of the Martinez Chamber of Commerce at a special meeting called for that purpose on Tuesday, March 31, 1925, at five o'clock p.m.

RICHMOND, CALIFORNIA, March 31, 1925.

Honorable Will R. Sharkey,
Senate Chamber, Sacramento, California.

DEAR SENATOR: Herewith please find certified copy of Resolution No. 1756 adopted by the council of the city of Richmond in re proposed constitutional amendmen to declare oil companies to be public utilities.

Answering your inquiry of March 30th addressed to the city clerk, will say that last year the total assessed valuation of the city of Richmond was $26,734,515. The total assessed valuation of the Standard Oil Company was $10,141,055. The total tax paid by the Standard Oil Company to the city of Richmond last year was $202,821 which is 38 per cent of the total amount received from taxation.

We feel that the defeat of this proposition is of vital interest to the city of Richmond. The placing of the Standard Oil Company on the list of public utilities would not in any way decrease the cost of our city government and in order for the city to progress this enormous loss of revenue would have to be made up by increased taxation on other holdings.

The city of Richmond is planning extended harbor development. Under our charter we can not expend for harbor purposes a sum in excess of 6 per cent of the assessed valuation of the property in the city. If this amendment is adopted and the Standard Oil Company property is excluded we will have already exceeded our bond limit of 6 per cent, thereby delaying this development for many years.

It will be a very nice thing for existing public utilities to have the oil companies added to their ranks thereby relieving them of a part of their burden of State support, and increasing the already heavy burden of citizen tax payers.

It would seem that this resolution has been introduced in retaliation for the efforts of the oil companies to defeat the gasoline tax. It ill becomes any representative of the people to work a hardship upon any number of the tax payers for purposes of retaliation.

I do not know how the proponents of the measure propose to work out the details if oil companies are made public utilities. They surely do not expect to be able to regulate the price at which oil and gasoline will be sold outside of the State.

This proposed measure seems to be a "big brother" to the gasoline tax and designed to relieve the burden of the existing public utilities and saddle more taxes on the people.

I am glad to know that you have the matter in hand and feel assured that you will use every effort to defeat the resolution.

Sincerely yours,

D. J. HALL, City Attorney.

RESOLUTION NO. 1756.

Resolution in re Proposed Constitutional Amendment, Proposing to Declare Oil Companies to be Public Utilities.

WHEREAS, There is now pending before the Legislature of the State of California, a resolution proposing an amendment to the constitution of the State of California, declaring oil companies to be public utilities under the control of the Railroad Commission; and,

WHEREAS, By the adoption of such proposed amendment, the city of Richmond would lose all revenues now derived from taxation of the properties of the Standard Oil Company, which taxes approximate thirty-eight per cent of the total revenues of the city; and,

WHEREAS, The only effect of the adoption of such amendment would be to lighten the burden of support of State government by the existing public service corporations and the imposition of a correspondingly heavy burden upon our citizens for the support of county and municipal government. Now, therefore, be it

Resolved, By the Council of the city of Richmond, that this Council does hereby disapprove said proposed amendment and protests against its adoption. Be it further

Resolved, That copies of this resolution be transmitted to Senator Will R. Sharkey and Assemblyman Robert Easley.

I hereby certify that the foregoing resolution was duly passed and adopted by the Council of the city of Richmond at a regular meeting thereof held on the 30th day of March, 1925, by the following vote: Ayes—Councilmen Lane, Garrard, Ogborn, Chandler, Scholes, Black, Hartnett, and Scott. Noes—None. Absent—Councilman Plate.

In witness whereof, I have hereunto set my hand and affixed the corporate seal of the city of Richmond, this 31st day of March, 1925.

[SEAL]

A. C. FARIS,
Clerk of the City of Richmond.

Approved: W. W. SCOTT, Mayor pro tempore.

State of California, County of Contra Costa, City of Richmond—ss.

I, A. C. Faris, clerk in and for the city of Richmond, do hereby certify that the foregoing is a full, true and correct copy of Resolution No. 1756, duly passed and adopted by the Council of the city of Richmond at a regular meeting thereof held on the 30th day of March, 1925

In witness whereof I have hereunto set my hand and affixed the corporate seal of the city of Richmond this 31st day of March, 1925.

CALIFORNIA AND HAWAIIAN SUGAR REFINING CORPORATION,
SAN FRANCISCO, March 31, 1925.

Senator W. R. Sharkey,
Sacramento, California.

MY DEAR WILL: Since talking with you over the phone this morning I have just heard that the Breed Bill, proposing to make oil companies public utilities, will come before the committee of which you are a member on Thursday, and I merely want to give you my opinion, as representing the second largest taxpayer in the county.

The placing of the oil companies in the public utilities class and subjecting them to public utility regulation, in my opinion, is fundamentally wrong and unsound. It will destroy the initiative that these companies have taken in the past, which has made it possible for Contra Costa County to not only take first place in the industrial counties of California, but the taking away of the four big oil companies from Contra Costa County, or reducing them in any way, will affect Contra Costa County more than any other one thing that could happen.

I think you and I are agreed on this matter, but merely wanted to advise you as to how we feel so that if this agrees with your stand in the matter you will know that we are behind you.

With deep appreciation for all the good work you have done for the county that you so ably represent, I remain,

Yours very truly,

WARREN H. McBRYDEN.

RICHMOND, CALIFORNIA, April 4, 1925.

Honorable Will R. Sharkey,
Senate Chamber, Sacramento, California.

DEAR SENATOR: I was pleased to receive your letter of April 2d, and fully agree with all you say in regard to the Breed proposal to make oil and gas companies public utilities.

I hope none of our people will be lulled into a sense of security by a declaration that there is no present intention of depriving the cities and counties of the right to tax oil companies.

We should take a firm stand against the proposition to make these companies public utilities regardless of any sop they may throw to the cities and counties interested. Once they are established as utilities it will be a very easy matter to go a step further and divert the revenues from these companies to the State.

I can anticipate the wonderful fight the public service corporations now bearing the burden of State support would make to add the big oil companies to their number, thus relieving them of a considerable portion of the burden of State support.

We feel that we are fortunate in having your active and splendid support in this matter.

Sincerely yours,

D. J. HALL.

Resolved by the Senate of the State of California, the Assembly concurring, That we extend felicitations to Dr. Jordan on this significant occasion.

We join in honoring Dr. Jordan—the man—the California citizen—the world citizen.

As a man he has come to be universally recognized as possessing those qualities of heart and mind that we regard as the ideal of American character.

As a citizen of California his years of labor in his own chosen profession and in the advancement of the State's welfare, have placed the young men and women of California, and the entire State, under obligations that can never be fully voiced.

As a world citizen, his broad vision and his humanitarian impulse have induced him to devote years of study to this greatest of international problems—the riddance of this mighty scourge of war, and the eventual achievement of international amity and good will.

With the citizens of Santa Clara County we unite in their expression of affection, respect and honor for this "Grand Old Man" of California. Be it further

VERA T. BOYCE, Corresponding Secretary.

Attest: MRS. ALBERT LANNER, President.

Also:

Resolved, That Imperial Irrigation District, the largest single user of water from the Colorado River, is in sympathy with the coastal plane cities of southern California, in their endeavor to obtain water for domestic purposes only from the Colorado River, and approves Senate Bill No. 178, designed to create a district that would enable them to accomplish that purpose.

There are more lands and communities economically capable of taking water from the Colorado River, than there is water to serve.

Large development is rapidly taking place in Mexico, and when water rights between the United States and Mexico are finally determined Mexico will insist upon such division as will amply take care of their development.

All proper machinery therefor, should be created at an early date to make possible the use of the Colorado River water in the United States.

Additional domestic water is essential to these cities, and the Colorado River seems to be the only available supply.

If provision for obtaining such water is delayed until the water is used in other places, or for other purposes, then the taking will necessarily be from other American communities to their serious damage.

It will require years for these coastal cities to perfect their organization, and be in position to actually undertake such development.

The Imperial Irrigation District, therefore, urges that the Legislature at this time make suitable provision for these cities to undertake such development.

Imperial Irrigation District, office of Secretary, ss.

This is to certify that the foregoing is a full, true and correct copy of a resolution adopted by the board of directors of Imperial Irrigation District at its meeting on Tuesday, April 7, 1925.

In witness whereof, I have hereunto set my hand and the seal of the district, this eighth day of April, 1925.

[SEAL] J. H. McIVER, Secretary.

MESSAGES FROM THE GOVERNOR—(OUT OF ORDER).

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 13, 1925.

To the Senate of the State of California.

Senate Bill No. 625 is returned herewith without my approval. This bill would authorize heirs at law of a deceased person or minors or incompetent persons, without first petitioning for letters testamentary or of administration, or for guardianship, to obtain from building and loan associations the money or stock in such associations not to exceed one thousand dollars. The bill would permit nephews or nieces, or their guardians, to obtain money from the teachers' retirement fund in a similarly loose manner. This bill would break down a valuable protection now given to minors and incompetent persons. The legal safeguards thrown around the property of minors and incompetents should be maintained and strengthened and not weakened.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

Senate Bill No. 625 ordered on unfinished business file.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 13, 1925.

To the Senate of the State of California.

Senate Bill No. 473 is returned herewith without my approval. On page 3, line 5, of the enrolled bill there is an error, and the word "or" is used instead of the word "of". On page 5, line 8, of the enrolled bill, the word "one" is used in place of the word "on". While the first error is not vital, the second appears to me to be very vital. Section 7 of the bill says: "Where a subdivision, street, avenue, lane, alley, place, or court terminates in another street, avenue, lane, alley, place or court, the expense of the work done 'one' one-half of the width of the subdivision street", etc., "shall be assessed", etc. It will be seen that the change in the expression "done on one-half" as the law now reads, and the expression "done one one-half" as the present bill reads, makes a vital and serious change.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

SUSTAINING GOVERNOR'S VETO.

The question being: Shall Senate Bill No. 473 become a law, notwithstanding the objections of the Governor?

The roll was called, and the objections of the Governor sustained by the following vote:

AYES—None.

NOES—Senators Allen, Baker, Boggs, Breed, Chamberlin, Christian, Creighton, Crowley, Dennett, Evans, Fellom, Gates, Gray, Handy, Harris, Hollister, Hurley, Ingram, Johnson, A. B., Jones, Kline, Lewis, Lyon, Maloney, Murphy, Nelson, Powers, Rush, Sample, Sharkey, Slater, Swing, Taylor, Tubbs, West, and Young—36.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 13, 1925.

To the Senate of the State of California.

Senate Bill No. 162 is returned herewith without my approval, for the reason that it appears that those interested in its introduction were not cognizant of the fact that chapter 765 of the statutes of 1921 now provide for a nine-hour day for drug clerks. This bill provides a new general law and in no way refers to the act of 1921.

This bill is so similar in purport to the present law that it appears unnecessary to encumber the statutes with it. It will only lead to confusion to have two statutes of a similar nature on the books.

A bill has passed the Assembly amending the present law, and is now in the Senate.

Respectfully submitted,

FRIEND WM. RICHARDSON, Governor.

SUSTAINING GOVERNOR'S VETO.

The question being: Shall Senate Bill No. 162 become a law, notwithstanding the objections of the Governor?

The roll was called, and the objections of the Governor sustained by the following vote:

AYES—None.

NOES—Senators Allen, Baker, Boggs, Breed, Chamberlin, Christian, Creighton, Crowley, Dennett, Evans, Fellom, Gates, Gray, Handy, Harris, Hollister, Hurley, Ingram, Johnson, A. B., Jones, Kline, Lewis, Lyon, Maloney, Murphy, Nelson, Powers, Rush, Sample, Sharkey, Slater, Swing, Taylor, Tubbs, West, and Young—36.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 13, 1925.

To the Senate of the State of California.

Senate Bill No. 393 is returned herewith without my approval for the reason that the signing of Senate Bill No. 11 makes it unnecessary to approve this bill. The author of this bill has written me to this effect.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 13, 1925.

To the Senate of the State of California.

Senate Bill No. 622 is returned herewith without my approval. This bill amends the present Building and Loan Commission Act by providing that every association shall pay a base rate of $10, in addition to certain percentages. The bill will increase the burden upon small associations and decrease it upon large associations. I have observed and studied building and loan associations for many years and have a deep interest in their welfare. I am particularly interested in protecting the small local associations which have done so much for the home builder. The small associations must be protected in every way and safeguards thrown around them. The character of the associations must be maintained and ambitious officers must be restrained from embarking in business outside the legitimate functions of a cooperative community association.

An able editor of one of the small dailies of a county seat of California, who has been long identified with a local association in his community and who has such institutions as deeply at heart as I have, writes me as follows:

"*Governor Richardson.*

MY DEAR FRIEND: Permit me to so address you in expressing my gratification at your nerve and sagacity in defeating the usual semi-annual efforts to tinker with the Building and Loan Law, that happy hunting ground for amateur legislation since its existence. I have been long connected with our local association and feel keenly interested though not much pecuniarily.

In my view our State law in its conception followed closely the correct fundamental idea of a simple co-partnership, confined in its business to transactions solely between its members, collecting their individual savings and loaning them to co-members for home-building and like purposes. It in no wise dealt with the general public and in no wise called for State scrutiny or State paternal guardianship. It was perfect in itself for the objects in view. Unhappily the associations attracted the attention of schemers and politicians. In direct violation of the law creating the associations, which specifically debarred them from doing a banking business, that is receiving money from the general public for money-making purposes, the law was soon amended to permit just that thing."

Respectfully submitted.

The roll was called, and the motion to refer to Special Committee of One lost by the following vote:

AYES—Senators Allen, Canepa, Chamberlin, Christian, Evans, Fellom, Hollister, Hurley, Johnson, A. B., Kline, Lewis, Lyon, Maloney, Pedrotti, Sample, Sharkey, Swing, Taylor, Tubbs, and West—20.

NOES—Senators Baker, Boggs, Breed, Creighton, Crowley, Dennett, Gates, Gray, Handy, Harris, Ingram, Inman, Johnson, M. B., Jones, Murphy, Nelson, Powers, Rush, Slater, Young, and Mr. President—21.

STATEMENT BY PRESIDENT OF SENATE.

According to the constitution it becomes my duty to cast the deciding vote on this amendment. The manner in which the amendment is worded leaves me only one possible course of action. Under the State highway system, as it is being classified, roads are divided into Primary A, Primary B, and Secondary. If this amendment had to do only with Primary B and Secondary roads—roads which are essentially local in character—I would have no hesitation in dividing expenditures equally between the northern and the southern portions of the State; for the very fact that the thirteen southern counties pay more than one-half the gasoline tax certainly gives them a just claim to such a division.

But with Primary A roads, which are main trunk lines, the matter is very different. These roads lead to the boundaries of the State in different directions, and the completion of each is necessary to the well-being of the entire State. It is impossible properly to allocate half of the work on these Primary A roads to each end of the State during any one biennium. During one biennium, possibly the work should be done entirely in the south toward Arizona or Mexico. During another biennium, it should perhaps be entirely in the north, toward Oregon or Nevada.

I have heard many versed on road matters agree that the south might very properly have fifty per cent of local construction going on all the time. I have never heard any one claim that it would be possible to treat the trunk lines in any manner save for the benefit of the State as a whole. For this reason, because Primary A roads are included in this proposed amendment, I am compelled to vote "no" upon it.

The question being on the passage of the bill.

The roll was called, and Senate Bill No. 602 passed by the following vote:

AYES—Senators Baker, Boggs, Breed, Crowley, Dennett, Fellom, Gates, Gray, Handy, Harris, Ingram, Inman, Johnson, M. B., Jones, Maloney, Nelson, Powers, Rush, Sample, Sharkey, Slater, and Young—22.

NOES—Senators Allen, Canepa, Chamberlin, Christian, Creighton, Evans, Hollister, Hurley, Johnson, A. B., Kline, Lewis, Lyon, Murphy, Pedrotti, Swing, Taylor, Tubbs, and West—18.

Bill ordered transmitted to the Assembly.

NOTICE OF MOTION TO RECONSIDER.

Senator Sharkey gave notice that on the next legislative day he would move to reconsider the vote by which Senate Bill No. 602 was passed.

EXPLANATION OF VOTE.

Senator Maloney asked for and was granted unanimous consent to have the following explanation of his vote on Senate Bill No. 602 printed in the Journal:

Mr. President and Members of the Senate:

I might say that before I proceed with my talk, that I have been called to task in the last day or so, that if I took a position for the gas tax, in which I am taking such position right now, that it is not in the interest of organized labor. I challenge that statement, because I do not think this is a labor issue, because if it were, I, as a labor man—and I say I am 100 per cent labor—would not vote for it. But it

is not a labor issue. This is an issue that is pertaining to all the people in the State of California. If it were a labor issue, I would be for it, but I have listened very attentively in this Senate, to the arguments, and I did not make my mind up until now—and I think that can be verified by my support men here—prior to vote, nor have I given an opinion to anybody, until today, in reference to the gas tax. I have not been influenced by anybody, because there was nothing to influence me for. I have nothing to gain for myself, personally, by voting for or against the gas tax.

I am anti-administration; I guess everybody knows that. I have never agreed with the policy of the present administration, and probably will not, and so far as the politics used on Senator Sharkey are concerned, which, by your permission, I will insert in his speech, I want to tell Senator Sharkey that the same tactics used on me as on him, but I, as a member of the Legislature in taking this position, stand up for what my conscience really thinks is right, and I am not afraid at any risk to face the issue.

I have listened attentively to all arguments, and have tried, in my most humble way, when we had hearings before the Highway Commission, to ask questions and receive answers, and I regret, at this time, one thing that makes me feel sorry that I voted for this measure, and that is that I am on the opposite side of my good friend Dan Murphy, as against, as all members of the Senate know, I owe a lot to Dan Murphy. Part of what I know about the labor movement I have learned from him, as I sat in the labor council with him. Regardless of what he will say in opposition to me, I hope our friendship still remains, and I know that he is broad enough to see it that way.

In speaking for this tax, I am speaking for one thing in particular—for the Bay Shore highway. If there is any member in the Senate who can, at this time, show me in what other way we can go back to San Francisco with any assurance whatever of this work being accomplished, than in voting for this tax, then I am willing to be shown. I have done my utmost to insert the Bay Shore into this bill this afternoon, but I readily say, honestly and sincerely, that the point that Senator Ingram brought out this morning, why they have not progressed with that work, is true. I find out through my vote that only at this session of the Legislature did we insert the Bay Shore into the highway system. The moneys derived from the gas tax will help to build that road, which is so much needed in San Francisco and down the peninsula. In all sincerity, members of the Senate, this is a much needed road. This road must be built to help San Francisco. There is $50,000,000 invested in that road by San Francisco, and I feel, after listening to the Governor at the Hotel Senator, whose policy I am not in accord with, and with whom I have never spoken, and I do know that he won't run to beat me, but after all I am conscientious enough to know that: wasn't an issue of this kind confronts me, I am willing to stand the brunt of criticism when I am furthering the interests of San Francisco.

I believe, after the splendid fight of Senator Murphy and Senator Dutton, and the rest of us, made down in San Francisco, at the City Hall, at the Hotel Senator and here in the Capitol, you will agree with me that one in the world can any Highway Commission turn down the Bay Shore highway after the discussion broadcasted out of this chamber. I am willing to stand the brunt of all criticism, if I make a mistake. I have nothing to gain one way or another only to go back to my work after this session, and do it with a clean conscience.

Mr. President, and members of the Senate, we also have to take into consideration, regardless of the arguments put up here, whether there is enough money for a new construction. I have come to the conclusion that there must be money enough for new construction. These letters, put on our desks today, of Controller Riley's, have not been given time to be analyzed, and I believe it was done for some intention to stall off the gas tax. What does it mean? The question is asked, Why does Maloney get on the floor when he is a labor man? Some of us own machines, and I think when we use the highways we should pay for them, and when you put $20,000,000 into the Highway Commission for new construction, I think you will realize also that you are going to put a lot of men to work. I did not pay much attention to the contractors' argument in this chamber, as it was not a good argument, for $20,000,000 worth of work will be done in the next biennium, and we must have the money to do it.

I don't want to take up your time any longer, but I honestly think, without being committed by anybody, or by my best friends in San Francisco, as they have not asked me to take a decided issue, and, therefore, I am submitting my argument on my own free will, that I hope and trust that the gas tax goes through.

Where a main street terminates in another main street, the expenses of the work done on one-half of the width of the street opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main street; *provided*, that lots and lands more than three hundred feet from such termination on such cross street shall not be assessed for any portion of such expense at such termination, and the expense of the other half of the width of said street upon the lot or lots fronting on the latter half of the street at such termination.

Subdivision 5. Where an alley or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all lots or portions of lots half way on said alley or subdivision street to the next crossing or intersection, or to the end of such alley or subdivision street, if it does not meet another.

Subdivision 6. Subdivision 8. Where any work mentioned in this act (manholes, cesspools, culverts, crosswalks, piling and capping excepted) is done on either or both sides of the center line of any street for one block or less, and further work opposite to the work of the same class already done is ordered to be done to complete the unimproved portion of said street, the assessment to cover the total expenses of said work so ordered shall be made upon the lots, or portions of the lots only fronting the portions of the work so ordered.

Subdivision 9. Section one of chapter three hundred twenty-five of the laws of this state, entitled "An act amendatory of and supplementary to an act to provide revenue for the support of the government of this state, approved April twenty-ninth, eighteen hundred and fifty-seven," approved April nineteen, eighteen hundred and fifty-nine, shall not be applicable to the provisions of this section; but the property herein mentioned shall be subject to the provisions of this act, and be assessed for work done under the provisions of this section.

Subdivision 11. Whenever the resolution of intention declares that the costs and expenses of the work and improvement are to be assessed upon a district, the council, or board, shall direct the city engineer, or county surveyor, to make a diagram of the property affected or benefited by the proposed work or improvement, as described in the resolution of intention, and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, and the dimensions of each such lot, piece or parcel of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district; and when said diagram shall have been approved by the council, or board, the clerk shall, at the time of such approval, certify the fact and date thereof. Immediately thereafter the said diagram shall be delivered to the superintendent of streets, or county surveyor, of said municipality, or county, who shall, after the contractor of any street work has fulfilled his contract to the satisfaction of said superintendent of streets, or county surveyor, and council or board on appeal, if an appeal is taken, proceed to estimate upon the lands, lots or portions of lots within said assessment district, as shown by said diagram, the benefits arising from such work, and to be received by each such lot, portion of such lot, piece, or subdivision of land, and shall thereupon assess upon and against said lands in said assessment district the total amount of the costs and expenses of such proposed work, and in so doing shall assess said total sum upon the several pieces, parcels, lots, or portions of lots, and subdivisions of land in said district benefited thereby, to wit: upon each respectively in proportion to the estimated benefits to be received by each of said several lots, portions of lots, or subdivisions of land. PRESENTATION OF PETITIONS—(OUT OF ORDER).

The following petitions were presented, and ordered printed in the Journal:

By Senator West:

UNIVERSITY OF CALIFORNIA,
BERKELEY, CALIFORNIA, April 14, 1925.

Committee on Universities and Teachers Colleges,
California State Senate, Sacramento, California.
Attention Honorable T. C. West, Chairman.

GENTLEMEN: Your letter of April eighth concerning the site selected by this board for the Southern Branch of the University of California has been given careful consideration and every effort made to meet your suggestion that the area be increased by 200 acres of land suitable for agricultural purposes.

This matter of acreage was not a new problem to the regents, having been considered before the site was selected, and a decision reached that land for any necessary agricultural and horticultural instruction is available on the present site or could be secured from the Soldiers' Home property which is adjacent.

Since receiving your letter, however, the suggestion of additional acreage has been taken up with the Los Angeles County board of supervisors, and we are glad to inform you that a resolution was passed by that body on Monday, April 13, to the effect that if it is found impossible to secure 200 acres of land from the Soldiers' Home, then the board of supervisors will place on the ballot a bond issue to be voted on by the people of Los Angeles County, for the necessary acreage.

In the meantime, this board assures your honorable committee that immediate and diligent efforts will be made to secure 200 acres from the federal government, as an addition to the Westwood site, in order that it may be made satisfactory from the point of view which your letter represents.

In view of these assurances from public bodies of competent authority, we hope that you will find it possible now to expedite the financial program for the improvement of the university and the development of needed building facilities, both in Northern and Southern California.

Respectfully,

THE REGENTS OF THE UNIVERSITY OF CALIFORNIA.
By R. G. SPROUL, Secretary.

Also:

WHEREAS, The Regents of the University of California have selected a site at Beverly for the permanent home of the Southern Branch of the University of California; and

WHEREAS, The Senate Committee on Universities and Teachers Colleges has urged the acquisition of additional acreage for horticultural and agricultural purposes; and

WHEREAS, Said horticultural and agricultural instructions would be of great value to all Los Angeles County as well as to the entire Southland; now, therefore, be it

Resolved, By the Board of Supervisors of Los Angeles County, that, should the Regents be unable to secure the necessary two hundred additional acres at the National Military Home at Sawtelle, through arrangement with the Federal Government, this board will submit at the next general election, or at a prior special election, a bond issue sufficient for the acquisition by the county of the additional acreage adjacent to or in the vicinity of the Beverly site for presentation to the Regents; and be it further

Resolved, That a copy of this resolution be sent to the Senate Committee on Universities and Teachers Colleges and to the Board of Regents of the University of California.

The foregoing resolution was adopted by the Board of Supervisors of the county of Los Angeles on April 13, 1925.

[SEAL]

L. E. LAMPTON,
County Clerk and ex officio Clerk of the Board of Supervisors.
By MAME B. BEATTY, Deputy.

Resolved, That a copy of this resolution be sent to the Senate Committee on Universities and Teachers Colleges and to the Board of Regents of the University of California.

March 16, 1925.

Rules suspended, reading so far had considered first reading, rules further suspended, resolution read second time by title, and referred to the Committee on Agriculture, Irrigation and Reclamation of Arid Lands.

SENATE JOINT RESOLUTION.

Memorializing the Congress of the United States to enact a law declaring that beneficial use shall be the basis, the measure, and the limit of the right to the use of the public waters of the states and territories of the United States.

WHEREAS, The development of the agricultural resources of the western arid or semiarid states is dependent upon the use of the public waters for the irrigation of lands; and

WHEREAS, The present laws of the western arid or semiarid states relating to the use of water for irrigation purposes are the outgrowth of a period of some sixty years, a comparatively short time of the evolution of laws; and

WHEREAS, The so-called common law of riparianism relating to the use of the public waters has been found, through the experience of the western arid or semiarid states, to be not best fitted to the existing conditions; and

WHEREAS, All, or practically all, of the western arid or semiarid states have discarded the common-law doctrine of riparianism as applied to the public waters; and

WHEREAS, The Congress of the United States has, in its various land and reclamation acts, consistently referred to the "local customs, laws, and decisions of the courts" whenever reference has been made to the appropriation of water; and

WHEREAS, All the western arid or semiarid states have declared in principle that "the water of all sources of supply within the boundaries of the state belong to the public," and that "beneficial use shall be the basis, the measure, and the limit of the right to the use of water;" and

WHEREAS, None of the states or territories of the United States has ever delegated to the United States control over the public waters within said states; now, therefore, be it

Resolved, by the Senate and Assembly of the State of Nevada, That this body hereby memorialize the Congress of the United States to enact a law declaring, in substance, that United States has not, and never has had, power or control over the public waters for irrigation purposes, and declaring that the officers of the United States shall make application to the various states for the appropriation of water whenever, in the administration of the affairs of the United States, it is necessary to acquire water rights for irrigation purposes; and be it

Further resolved, That a copy of this resolution, duly authenticated, be transmitted without delay by the Secretary of State of Nevada to the President of the United States, the Congress of the United States, to the legislatures of the several western arid or semiarid states, and to the representatives of the State of Nevada in Congress.

SACRAMENTO, CALIFORNIA, April 16, 1925.

DEAR SENATOR BRELD: As I told you yesterday, my mother, almost eighty-six years old, is extremely ill in Berkeley. Until yesterday morning, we had hoped that it might be weeks before the danger point would arrive. All day yesterday her condition grew more critical, and today I am summoned home by an early morning train.

I am sure that you and the other Senators can realize how badly I feel to desert my post just at this time when we are working at such high pressure on our Senate measures. Only the most desperate necessity should take me away, but, as it is, I feel that my place today is at home with my mother.

Very sincerely,

C. C. YOUNG.

"SECTION 1. Section one thousand five hundred and fifty-two of the Code of Civil Procedure is hereby amended to read as follows:

1552. The executor or administrator, after making any sale of real estate, must make a return of his proceedings to the court, which must be filed in the office of the clerk at any time subsequent to the sale.

A hearing upon the return of the proceedings may be asked for in the return or by petition subsequently, and thereupon the clerk must fix the day for the hearing, of which notice of at least ten days must be given by the clerk, by notices posted in three public places in the county or by publication in a newspaper, and must briefly indicate the land sold, and must refer to the return for further particulars.

Upon the hearing the court must examine into the necessity for the sale, or the advantage, benefit and interest of the estate in having the sale made, and must examine the return and witnesses in relation to the sale, and if good reason does not exist for such sale, or if the proceedings for the sale were unfair or the sum bid disproportionate to the value and it appears that a sum exceeding such bid, after deducting therefrom the amount that would be allowed as commissions on such sale provided in section one thousand five hundred fifty-nine of this code, at least ten per cent exclusive of the expenses of a new sale may be obtained, the court may vacate the sale and direct another to be had, of which notice must be given, and the sale in all respects conducted as if no previous sale had taken place.

If an offer of ten per cent more in amount than that named in the return, less the amount of such commissions as are provided in section one thousand five hundred fifty-nine of this code, be made to the court in writing, by a responsible person, it is in the discretion of the court to accept such offer and confirm the sale to such person or to order a new sale.

SEC. 2. Section one thousand five hundred fifty-four of the Code of Civil Procedure is hereby amended to read as follows:

1554. If it appears to the court that there is reason for a sale upon the grounds set forth in section one thousand five hundred thirty-six of this code, and that the sale was legally made and fairly conducted, and that the sum bid was not disproportionate to the value of the property sold, and that a greater sum, as above specified, cannot be obtained, or if the increased net bid mentioned in section one thousand five hundred fifty-two be made and accepted by the court, the court must make an order confirming the sale, and directing conveyances to be executed. The sale, from that time, is confirmed and valid, and a certified copy of the order confirming it and directing conveyances to be executed, must be recorded in the office of the recorder of the county in which the land is situated.

If, after the confirmation, the purchaser neglects or refuses to comply with the terms of the sale, the court may, on motion of the executor or administrator, and after notice to the purchaser, order a resale to be made of the property. If the amount realized on such resale does not cover the bid and the expenses of the previous sale, such purchaser is liable for the deficiency to the estate.

SEC. 3. Section one thousand five hundred sixty-one of the Code of Civil Procedure is hereby amended to read as follows:

1561. When property is directed by the will to be sold, or authority is given in the will to sell property, the executor may sell any property of the estate, at either public or private sale, and with or without notice, as the executor may determine; but the executor must make return of sales as in other cases; and if directions are given in the will as to the mode of selling, or the particular property to be sold, such directions must be observed. In either case no title passes unless the sale be confirmed by the court; but when the will directs that the property be sold, then the necessity for the sale, or the advantage or benefit to the estate or to those interested therein need not be shown."

Introduced by Mr. Wisener.

Giving the approval of the Legislature of the State of Arizona to the Colorado River Compact, conditioned upon the approval by the Legislatures of the States of Arizona, California and Nevada, and by the Congress of the United States, of the "Lower Division States Agreement," and giving the approval of the Legislature of the State of Arizona to said "Lower Division States Agreement"; fixing the limit of time within which the said Lower Division States Agreement shall be accepted; and creating a legislative commission to be known as the Lower Division Colorado River Commission of the State of Arizona, to discuss matters relating to the Colorado River with the Legislatures of the States of California and Nevada and with committees of the Congress of the United States.

Be it resolved by the House of Representatives of the Seventh Legislature of the State of Arizona, the Senate concurring:

That the approval of the Legislature of the State of Arizona be and the same hereby is given to that certain compact signed at the City of Santa Fe, New Mexico, on the 24th day of November, 1922, by the duly authorized commissioners of the States of Arizona, California, Colorado, Nevada, New Mexico, Utah and Wyoming, under the authority of the Act of Congress approved August 19, 1921, entitled "An act to permit a compact or agreement between the States of Arizona, California, Colorado, Nevada, New Mexico, Utah and Wyoming, respecting the disposition and apportionment of the waters of the Colorado River, and for other purposes"; provided, and upon the condition, that such approval shall not become effective, nor have any force whatsoever, unless and until the Legislatures of the States of California and Nevada, and the Congress of the United States, shall approve an agreement between the States of Arizona, California and Nevada, which agreement hereby is approved by the Legislature of the State of Arizona, in the following terms, to wit:

LOWER DIVISION STATES AGREEMENT.

"The States of Arizona, California and Nevada, comprising the States of the Lower Division, as defined in Paragraph D, Article II, of the Colorado River Compact, hereby enter into an agreement dividing and allocating between the said States the water allotted by the terms of the said compact to the Lower Basin, to the extent and in the manner provided as follows, to wit:

ARTICLE I.

"(*a*) There is hereby allocated to the State of Nevada, out of the apportionment to the Lower Basin, as provided by Paragraph A, Article III, of said Colorado River Compact, all of the water which can reasonably be applied within said State to domestic and agricultural uses.

"(*b*) There is hereby allocated, one-half to Arizona and one-half to California, equally, for application to such domestic and agricultural uses as such waters may reasonably be put to within such States, respectively, the remainder of the waters apportioned as aforesaid to the Lower Basin, in accordance with the provisions of said Paragraph A, Article III, of said Colorado River Compact.

ARTICLE II.

"The right given to the Lower Basin by Paragraph B, Article III, of the Colorado River Compact, to increase its beneficial consumptive use of the waters of the Colorado River System by one million acre-feet per annum shall attach, relate and belong exclusively to the State of Arizona; provided, that said right shall attach solely to and shall be held to completely exhaust the right to the use of waters of the Colorado River System entering the Colorado River within the State of Arizona below Lee Ferry.

ARTICLE III.

"Any waters which it may hereafter become necessary, under the provisions of Paragraph C, Article III, of the Colorado River Compact, to deliver to the United States of Mexico, shall be supplied, first, out of the surplus waters of the main Colorado River passing Lee Ferry, over and above the apportionment to the Lower Basin contained in Paragraph A, Article III; and if said surplus shall prove insufficient, then the burden of deficiency resting upon the Lower Basin shall be borne by the States of Arizona, California and Nevada, exclusively out of the apportionment provided in Paragraph A, Article III, in the proportion that the respective diversion by such

States, out of the Colorado River, of the waters so apportioned by Paragraph A, Article III, may bear to said apportionment.

ARTICLE IV.

"This agreement shall not be held to affect or alter, but is confirmatory of, the terms and provisions of the said Colorado River Compact; nor shall anything herein contained be construed as affecting or intending to affect in any way, except as limited by the apportionment of waters provided in Article I hereof, or to interfere in any way with the laws of any of the said States of Arizona, California and Nevada relating to the control, regulation, appropriation or distribution of water used in irrigation or for domestic or other uses, or any vested rights thereunder."

Be It Further Resolved, That in the event the Legislature of the State of California, or the Legislature of the State of Nevada, shall fail to give its consent and approval, not later than the fifteenth day of March, nineteen hundred and twenty-seven, to the Lower Division States Agreement, as herein set out and hereby ratified by the Legislature of the State of Arizona, then and in such event the approval of the Legislature of the State of Arizona herein and hereby given to the said Colorado River Compact, and to the said Lower Division States Agreement, shall be deemed to be withdrawn and this Resolution rescinded, and the same shall thereby become and be null and void.

(3) The word "transfer" as used in this act shall be taken to include the passing of property or any interest therein, in possession or enjoyment, present or future, by inheritance, descent, devise, succession, bequest, grant, deed, bargain, sale, gift, or appointment in the manner herein described.

SEC. 2. Section two of said Inheritance Tax Act is hereby amended to read as follows:

SEC. 2. A tax shall be and is hereby imposed upon the transfer of any property, real, personal or mixed, or of any interest therein or income therefrom in trust or otherwise, to persons, institutions or corporations, not hereinafter exempted, to be paid to the treasurer of the proper county, as hereinafter directed, for the use of the state, said taxes to be upon the market value of such property at the rates hereinafter prescribed and only upon the excess over the exemptions hereinafter granted, in the following cases:

(1) When the transfer is by will or by the intestate or homestead laws of this state, from any person dying seized or possessed of the property while a resident of the state, or by any order of court setting apart property and or making and granting extra or family allowances pursuant to article one, chapter five, title eleven, part three of the Code of Civil Procedure.

(2) When the transfer is by will or intestate laws of property within this state and the decedent was a non-resident of the state at the time of his death, or by any order of court setting apart property and or making and granting extra or family allowances pursuant to article one, chapter five, title eleven, part three of the Code of Civil Procedure.

(3) When the transfer is of property made by a resident, or by a nonresident when such nonresident's property is within this state, by deed, grant, bargain, sale, assignment or gift, made without valuable and adequate consideration (i. e., a consideration equal in money or in money's worth to the full value of the property transferred):

(*a*) In contemplation of the death of the grantor, vendor, assignor or donor, or,

(*b*) Intended to take effect in possession or enjoyment at or after such death.

When such person, institution or corporation becomes beneficially entitled in possession or expectancy to any property or the income therefrom, by any such transfer, whether made before or after the passage of this act.

(4) The words "contemplation of death," as used in this act, shall be taken to include that expectancy of death which actuates the mind of a person on the execution of his will, and in nowise shall said words be limited and restricted to that expectancy of death which actuates the mind of a person making a gift causa mortis; and it is hereby declared to be the intent and purpose of this act to tax any and all transfers which are made in lieu of or to avoid the passing of property transferred by testate or intestate laws.

(5) Whenever property, real or personal, is held in the joint names of two or more persons, or is deposited in banks or other institutions or despositaries in the joint names of two or more persons and payable to either or the survivor, upon the death of one of such persons, the right of the surviving joint tenant or joint tenants, person or persons to the immediate ownership or possession and enjoyment of such property shall be deemed a transfer taxable under the provisions of this act in the same manner as though the whole property to which such transfer belonged absolutely to the deceased joint tenant or joint depositor and had been devised or bequeathed to the surviving joint tenant or joint tenants, person or persons, by such deceased joint tenant or joint depositor by will, excepting therefrom such part thereof as may be proved by the surviving joint tenant or joint tenants to have originally belonged to him or them and never to have belonged to the decedent.

(6) Whenever any person, trustee or corporation shall exercise a power of appointment derived from any disposition of property made either before or after the passage of this act, such appointment when made, shall be deemed a transfer taxable under the provisions of this act, in the same manner as though the property to which such appointment relates belonged absolutely to the donee of such power, and had been bequeathed or devised by such donee by will; and whenever any person, trustee or corporation possessing such power of appointment so derived shall omit or fail to exercise the same within the time provided therefor, in whole or in part, a transfer taxable under the provisions of this act shall be deemed to take place to the extent of such omission or failure, in the same manner as though the persons, trustees, or corporations thereby becoming entitled to the possession or enjoyment of the property to which such power related had succeeded thereto by a will of the donee of the power failing to exercise such power, taking effect at the time of such omission or failure.

(7) Whenever a decedent appoints or names one or more executors or trustees, and makes a bequest or devise of property to them in lieu of commissions or allowances, which otherwise would be liable to said tax, or appoints them his residuary legatees, and said bequest, devise, or residuary legacies exceeds what would be a reasonable compensation for their services, such excess over and above the exemptions herein provided for shall be liable to said tax; and the superior court in which the probate proceedings are pending shall fix the compensation.

(8) Where any property shall, after the passage of this act, be transferred subject to any charge, estate or interest, determinable by the death of any person, or at any period ascertainable only by reference to death, the increase accruing to any person or corporation upon the extinction or determination of such charge, estate or interest, shall be deemed a transfer of property taxable under the provisions of this act in the same manner as though the person or corporation beneficially entitled thereto had been acquired such increase from the person from whom the title to their respective estates or interests is derived.

(9) When more than one transfer, within the meaning of any of the preceding subdivisions of this section has been made, either before or after the passage of this act, by a decedent to one person, the tax shall be imposed upon the aggregate market value of all of the property so transferred to such person in the same manner and to the same extent as if all of the property so transferred were actually transferred by one transfer.

(10) In determining the market value of the property transferred, the following deductions and no others shall be made from the appraised value thereof:

(a) Debts of decedent owing at date of death;

(b) Expenses of funeral and last illness;

(c) All state, county, and municipal taxes which are a lien against said property at the date of death;

(d) The ordinary expenses of administration, including the ordinary fees allowed executors and administrators and the ordinary fees of their attorneys under the provisions of section one thousand six hundred eighteen and one thousand six hundred nineteen of the Code of Civil Procedure of California;

(e) The amount due or paid the government of the United States as a federal inheritance or estate tax; *provided, however*, that the amount of such tax allowable herein as a deduction shall be limited to a computation thereof commencing at the primary rates made by the acting state inheritance tax appraiser upon his own valuations of that portion of such property only, the transfer of which is taxable under the provisions of this act, by applying to such valuations the exemptions and rates of the federal inheritance or estate tax in force at the date of such transfer.

(f) The amount due or paid any state or states of the United States (excepting California) as a state inheritance, succession or transfer tax; *provided, however*, that the amount of such tax allowable herein as a deduction shall be limited to a computation thereof commencing at the primary rates made by the acting state inheritance tax appraiser upon his own valuations of that portion of such property only, the transfer of which is taxable under the provisions of this act, by applying to such valuations the exemptions and rates of such state inheritance, succession or transfer tax in force at the date of such transfer.

SEC. 3. A new section is hereby added to said inheritance tax act, to be numbered two and one-half, and to read as follows:

SEC. 2½. (1) All shares of stock in corporations organized under the laws of this state and any interest therein or income therefrom, in trust or otherwise, belonging to persons whose domicile is without the state shall, upon the death of the owner, be subject to a tax of two per centum of its actual value upon its transfer to persons, institutions or corporations, not hereinafter exempted, to be paid to the treasurer of the proper county, as hereinafter directed, for the use of the state.

(2) The provisions of this act for the enforcement and collection of any other tax hereunder shall apply to the enforcement and collection of the above tax, and all interest charges and penalties provided for in this act shall apply also to the enforcement and collection of this tax.

(3) The provisions of section two pertaining to transfers in contemplation of death, transfers intended to take effect in possession or enjoyment at or after death and the provisions of subdivisions five, six, seven, eight and nine of said section two shall be applicable to the tax upon the transfer provided for by this section. The provisions of sections four, five and six and of subdivision ten of section two shall not be applicable to the tax provided for in this section.

(4) If this section is for any reason held to be unconstitutional, such decision shall not affect the validity of any portion or portions of this act in force at the time of the enactment of this section.

Amendment adopted.

MESSAGE FROM THE GOVERNOR—(OUT OF ORDER).

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, April 16, 1925.

To the Senate and Assembly of the State of California.

This is to advise you that I have signed the following bills:
Senate Bills Nos. 213 and 753;
Assembly Bills Nos. 469, 742 and 593.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 16, 1925.

To the Senate of the State of California.

Senate Bill No. 626 is returned herewith without my approval. This bill adds a new section to the Building and Loan Commission Act and provides that the commissioner shall require all officers and employees of building and loan associations to give a bond. The power of the Building and Loan Commissioner to regulate associations seems to be ample and to require bonding, as provided in this bill, would add a burden to the smaller associations.

There does not seem to be any demand for this bill as I have received but two letters in regard to it and they are answers to my own inquiry.

In withholding my approval of this bill, I want to express my confidence in the splendid character of the building and loan associations in California, and of my desire to prevent them from being hampered by legislation. The associations are being carefully supervised by the able commissioner and his competent deputies, and I have every confidence in them.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

On motion of Senator Christian, Senate Bill No. 626 was ordered on file of unfinished business.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

COMMUNICATION.

The following communication relative to Senate Constitutional Amendment No. 40 was received, and on motion of Senator Nelson ordered printed in the Journal:

SACRAMENTO, CALIFORNIA, April 9, 1925.

Honorable U. S. Webb, Attorney General, State of California,
Sacramento, California.

In re: Senate Bill No. 363.

DEAR GENERAL WEBB: On March 11, 1925, the Senate Committee on Revenue and Taxation granted a hearing to representatives of the independently operated steam railroads of the State of California.

An extended presentation concerning the burden of tax which these railroads are bearing in the State of California, and of their operations, was made, from which it was apparent to the committee that the present gross receipts tax of 7 per cent on these railroads is too high. The committee, by unanimous action, expressed itself as being in favor of bringing about a reduction in the rate of tax being imposed on these railroads to not exceed 5½ per cent, the rate now being paid by the interurban electric railways and street railways, and requested me, as chairman, to write you requesting a written opinion as to the constitutionality of Senate Bill No. 363, introduced by Senator West, a copy of which is attached hereto for your information.

Not only from the presentation made by the representatives of the short line railroads, but from the opinion expressed by Mr. M. D. Lack, Secretary of the State Board of Equalization, and from the knowledge of various members of the committee of the conditions surrounding the operation of these railroads, it was apparent that the so-called short line railroads should be entitled to a lower tax rate than the main line roads, if this could be done legally. The committee feels that Senate Bill No. 363 is in all probability unconstitutional and that a constitutional amendment should be proposed which, if adopted, would enable the Legislature to impose a tax rate on this class of railroads that would operate with more equality.

The committee would be pleased to receive from you an opinion in writing on the foregoing point, supplementing the same with any suggestions you have that may remedy what the committee considers a distinct injustice to these railroads in compelling them to pay as high a rate as 7 per cent on their gross receipts. These railroads are commonly known as short line railroads, of which there are approximately thirty-five within the State of California, varying in length from less than twenty miles to slightly more than 200 miles.

Assuring you of the committee's appreciation of such assistance as you can render, I am

Very truly yours,

H. C. NELSON,
Chairman, Senate Committee on Revenue and Taxation.

STATE OF CALIFORNIA, OFFICE OF ATTORNEY GENERAL,
SAN FRANCISCO, April 13, 1925.

Honorable H. C. Nelson, Chairman, Senate Committee on Revenue and Taxation, Senate Chamber, Sacramento, California.

MY DEAR SENATOR: I have before me yours of the 9th inst., with which you enclose copy of Senate Bill No. 363, and ask the views of this office relative to

the constitutionality of such proposed legislation. The bill provides, among other things, that

> "All independently operated steam railroads less than two hundred fifty miles in length, whether operated in one or more counties, shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way and other property, or any part thereof, used exclusively in the operation of their business in this State, a tax in the amount of five and one-fourth per cent, fixed upon their gross receipts from operation."

Your letter states that your committee has given extended hearings upon this proposal, with the result that it has become convinced that the tax which these so-called short line steam railways are under present law required to pay, computed at seven per cent of their gross receipts, is unreasonably high and perhaps excessive and that a reasonable tax upon the properties of such railroads, in the judgment of your committee, would be an amount calculated at five and one-fourth per cent upon the gross receipts of such railroads.

Your letter further evidences the desire of the committee to grant to these railroads such indicated relief, if the power to do so is possessed by the Legislature.

Government never intentionally imposes upon any class of property an unreasonable tax burden, and when it is found that inadvertently a burden unjustifiably high has been imposed upon a particular class of property, the duty of reducing such burden to a reasonable level or basis exists.

Your committee having made its investigation and having reached the conclusion that the burden imposed upon the properties of these short line railroads is unreasonable, I am in full accord with your very proper desire to take such action as will result in the proper reduction of this burden. I am compelled, nevertheless, to advise you that the power to make this reduction does not lie with the Legislature.

In 1921 the Legislature of this State fixed the assessment upon all of the properties of steam railroads in this State at an amount represented by seven per cent of their gross receipts. This assessment was made pursuant to the provisions of article XIII of the constitution of this State, and in the constitutional provision there is no distinction made between steam railroads of less than two hundred and fifty miles in length and steam railroads of two hundred and fifty or more miles in length, and the Legislature does not possess the authority to divide or classify railroads into two or more divisions or classes, depending upon the mere matter of mileage. Such classification, if made, must be made by constitutional and not by statutory provision.

I would therefore suggest to you the propriety of causing to be prepared and to be submitted to the electors of the State at the next general election a constitutional provision, which would divide steam railroads into two classes and imposing upon the properties of each the proper tax burden.

I am aware that by constitutional amendment immediate relief cannot be given the so-called short line steam railroads, but nevertheless such relief, if it be given at all, must be given through an amendment of the constitution.

Very truly yours,

U. S. WEBB, Attorney General.

The Legislature of the State of California at its regular session commencing on the fifth day of January, 1925, two-thirds of the members elected to each of the two houses of the State Legislature voting in favor thereof, hereby propose an amendment to article I, section 14, of the constitution of the State of California so that said section shall read as follows:

SEC. 14. Private property shall not be taken or damaged for public use without just compensation having first been made to, or paid into court for, the owner, and no right of way shall be appropriated to the use of any corporation except a municipal corporation or a county until full compensation therefor be first made in money or ascertained and paid into court for the owner, irrespective of any benefits from any improvement proposed by such corporation, which compensation shall be ascertained by a jury, unless a jury be waived, as in other civil cases in a court of record, as shall be prescribed by law; *procided*, that in an action in eminent

domain brought by the state, or a city, county, city and county, or other political subdivision of the state, such political subdivision may take immediate possession and use of any right of way required for a public use, whether the fee thereof or an easement therefor be sought, upon first filing an action in a court of competent jurisdiction and thereupon giving such security in the way of money deposits as the court in which proceedings are pending may direct, and in such amounts as the court may determine to be reasonably adequate to secure to the owner of the property sought to be taken immediate payment of just compensation for such taking and any damage incident thereto, including damages sustained by reason of an adjudication that there is no necessity for taking the property, as soon as the same can be ascertained according to law. SENATE CONSTITUTIONAL AMENDMENT No. 12.

A resolution to propose to the people of the State of California an amendment to the constitution of said State by adding to article IV thereof a new section to be numbered section 1*a*, providing for a legislative body of one House, in place of the present legislative body of two houses.

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California, at its regular session commencing on the fifth day of January, 1925, two-thirds of the members elected to each of the two houses of the said Legislature voting therefor, hereby proposes to the people of the State of California that the constitution of said State be amended by adding to article IV thereof a new section to be numbered section 1*a*, and to read as follows:

SEC. 1*a*. Any provision in section 1 of this article notwithstanding, the legislative power of this State shall be vested in a body which shall be designated as the Legislature of the State of California, but such Legislature shall consist of a single House, and whenever, in the constitution or laws of the State the words "Legislature of the State of California," or "Senate," or "Assembly" are used, such words shall be construed as applying to the Legislature as in this section constituted in so far as such provisions are not in conflict with the provisions of this section.

The Legislature provided for in this section shall consist of fifty members, and for the purpose of choosing such members, the Legislature, next following the adoption of this amendment, shall divide the State into fifty legislative districts, as nearly equal in population as may be, and composed of contiguous territory. These districts shall be numbered from 1 to 50, inclusive, in numerical order, commencing at the northern boundary of the State, and ending at the southern boundary thereof. In the formation of such districts, no county, or city and county, shall be divided unless it contains sufficient population within itself to form two or more districts, nor shall a part of any county, or any city and county, be united with any other county, or city and county, in forming any district; *provided, however*, that no legislative district contained within a city and county, or a county which contains more than one legislative district shall have a less population than the population of the largest single county comprising one legislative district.

It shall be the duty of the Legislature provided for in this section to redistrict the State at the next ensuing session after each census taken under the direction of the Congress of the United States.

It shall be the duty of the Legislature, following the adoption of this amendment, to provide for the election of the members of the Legislature, and the term of office of all members of the Senate and Assembly shall expire upon the election and qualification of the members of the Legislature, who shall be elected at the next ensuing general election after the election at which this amendment is adopted; *provided*, that immediately after the first election, the members of the Legislature shall classify themselves so that the term of office of the members from districts 1, 4, 7, 10, 13, 16, 19, 22, 25, 28, 31, 34, 37, 40, 43, 46, and 49 shall expire at the end of two years; of the members from districts 2, 5, 8, 11, 14, 17, 20, 23, 26, 29, 32, 35, 38, 41, 44, 47 and 50 at the end of four years, and of the remaining members from the remaining districts at the end of six years. The members of the Legislature elected to succeed those first elected and all members elected thereafter shall hold office for six years.

Each member shall receive a salary of five thousand dollars a year, and his necessary traveling expenses.

The Legislature shall meet at twelve o'clock m. on the first Monday after the first day of January of each odd numbered year, and shall continue in session so long as may be necessary for the transaction of business, with full power of temporary adjournment, and may take a recess for such periods as may be determined upon; *provided, however*, that committees with such power as may be delegated to them may remain in session during such recess or temporary adjournment. No act shall be passed to take effect prior to ninety days after its approval and other than upon the first day of November of each odd numbered year, unless by a three-fourths vote of the Legislature such measure is declared to be an urgency measure within the meaning of this constitution.

The Legislature shall have authority to provide that executive heads of departments may sit in the Legislature and participate in debates, but such officials shall have no vote unless they are also members of the Legislature.

Except so far as they are inconsistent with the provisions of this section, all of the provisions of the constitution relative to the Legislature shall apply to the Legislature as constituted and provided for in this section, but in so far as any of such

provisions are inconsistent with the carrying out of the full purpose and intent of this section, such provisions are hereby repealed.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Senator Taylor:

March 23, 1925.

Mr. E. P. Clarke,
Chairman, State Board of Education,
Riverside, California.

MY DEAR MR. CLARKE: I have had several conferences with officers of the State printing office and, as you know, the printing of elementary school books amounts to about $250,000 or $300,000 a year, which is a great saving to the tax payers.

The State has the equipment to print many of the high school books, if they could standardize. I would like your advice on the proposition and to know if it would not be possible for you to arrange to standardize and begin the publication of one or two high school books through the State printing office, so that the equipment of the State can be utilized and home men employed, with the possibility of adding from time to time such high school books as it is possible for the State to publish.

I am told that since the investigation of 1915, which was made under Constitutional Resolution No. 26, that year, and under the compulsory educational law, the high schools have increased approximately five times, as compared with 1915.

I have gone into this subject from various angles far enough to convince me that if this can be worked out along practical lines, that there would be an enormous saving to the people in the expenditure on school books.

I hope to have your cooperation and suggestions, and I trust that something good may come out of the consideration of this subject.

With kind regards, I am

Sincerely yours,
(Signed) CADET TAYLOR.

STATE BOARD OF EDUCATION.
SACRAMENTO, March 30, 1925.

Honorable Cadet Taylor,
Senate Chamber, State Capitol,
Sacramento, California.

MY DEAR SENATOR TAYLOR: I have your letter of March 23, and desire to say in reply that the problem of State publication of textbooks for the use of the high schools is by no means a simple one. The former State Printer, Mr. Telfer, advocated this plan a number of years ago and quite a careful study of the problem was made at that time. Both the school people and the members of the Legislature who went into the matter were practically unanimous in the view that the proposal was not educationally sound or economically feasible.

However, the matter is one which it is the province of the Legislature and the Governor to determine, and if the change should be made the responsibility of administering the plan will have to be worked out in the best manner possible by the State Board of Education.

I am taking the liberty of calling your attention to certain of the factors involved, many of which you are no doubt familiar with. The law under which the State publishes and distributes books for the elementary schools provides for uniform adoption in the different subjects and for free distribution by the State. Aside from the copy books for penmanship, which you could hardly term textbooks, there are only twenty-five separate books on the list for the elementary schools. The high school text book law provides that the books shall be purchased by the high school districts and by them supplied to the pupils free of cost. The districts make an adoption for four years from a list approved by the State Board of Education, and our contract with the textbook publishers requires that the prices agreed upon shall be uniform throughout the State. There is no uniformity of books required in the case of high school textbooks, the separate districts being given the option of a choice from a number of texts in each subject which are listed by the State Board of Education. Altogether there are over sixteen hundred textbooks listed for use in high schools and junior high schools of the State, and you can readily see that the problem of printing any such number of different texts as that is a very different one from printing twenty-five texts. In algebra alone there are thirty-four texts listed, and there are twelve listed in American history.

It may be that this list is larger than is strictly necessary, but it is a widespread desire on the part of the school people to be given considerable freedom of choice and to be granted the opportunity of trying out new texts as they are issued. Any plan of limiting the high schools to one text in a given subject would, I think, meet with practically the unanimous opposition of high school principals and teachers. Even if it were wise to reduce the list to a few hundred textbooks the problem of publication would still be a tremendous one, especially as some of the texts, in Greek for instance, would require only a limited edition.

Whether the State could select two or three subjects and standardize the textbooks in those fields and provide for State publication is a legal problem that I would not undertake to pass upon. The result of that plan would be that the State would have to adopt a system of selling those State published texts to the high school districts in competition with the private publishers. I take it that you would not consider it feasible for the State to furnish certain high school textbooks free and require the districts to purchase others, and for the State to undertake to furnish all high school textbooks free, as it does the elementary, would involve a tremendous expense, which it is somewhat doubtful if the State would care to assume.

I am simply pointing out to you some of the problems and difficulties in the situation as I see it, and I am asking Commissioner Olney, who is familiar with the high school textbook situation in the State, to confer with you regarding the matter. He is in position to give you more complete information on the subject than I have supplied in this letter.

Thanking you for bringing the matter to my attention, I am,
Sincerely yours,

E. P. CLARKE,
President State Board of Education.

P. S.: I think you will see from the outline of the situation which I have given you that legislation will be necessary to authorize the State to embark on the experiment of printing high school textbooks, even to a limited extent. The problem therefore is first of all a legislative rather than an administrative one. Certainly the State laws as they stand today do not give the State Board of Education authority to publish any high school text.

MESSAGES FROM THE GOVERNOR—(OUT OF ORDER).

The following messages from the Governor were received and read out of the regular order:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 20, 1925.

To the Senate and Assembly of the State of California.

GENTLEMEN: This is to advise you that I have signed the following bills: Assembly Bills Nos. 3, 7, 21, 465 and 601.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 20, 1925.

To the Senate of the State of California.

Senate Bill No. 488 is returned herewith without my approval. This bill adds a new section to the Political Code increasing the powers of the boards of supervisors so as to give them jurisdiction to prohibit, prevent or regulate the building, establishing, creating and burning of fires of whatever nature or purpose on any State highway. This power now properly rests in the State Highway Commission and should not be delegated to boards of supervisors. To give supervisors this power might result in fifty-eight different methods of regulation, and it would be difficult for citizens to post themselves on the law in passing from one county to another.

Section 4041 of the Political Code covers this point as far as it applies to county roads.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

On motion of Senator Hollister, Senate Bill No. 488 was ordered on unfinished business file.
